Dear Mr. Pauletto,

On June 22, 2010 Sawtooth Minerals Administrator inspected the road corridor associated with the Clarks Basin Quarry. Currently a \$3,150 reclamation bond is held by the Forest Service associated with the trespass construction of this road in 2002.

The inspection concluded that noxious weeds were not observed and vegetation within the road prism is sufficient to meet release criteria. Therefore, I am recommending the release of the remaining bond. Enclosed please find the returned rider and original Power of Attorney.

Operations under Plan of Operation *Interstate Rock Trespass* executed on May 22, 2007 by **I & P Investments, LLC** and the Forest Service in which a surety bond rider (No. 1) was issued in the amount of \$ 3,150 by Travelers Casualty and Surety have been completed and the file has been closed.

Please contact Heidie Torrealday, Forest Geologist at 208.678.0430 with questions.

Sincerely,

SCOTT C. NANNENGA
Minidoka District Ranger
